

Progress Report

Team: EMKW

Date: November 21, 2023

Progress Made:

Tasks	Progress
Get information from Best Seller List	100%
Get description information from Google Books	50%
Creation of Inverted Index	100%
Ranking Algorithm Implementation	50%
Back End	90%
User Interface	70%
Percent Complete	77%

Remaining Tasks:

- Need to return searched for book isbn and description to the ranking algorithm
- Debug Ranking Algorithm
- Incorporate all pieces into same script

Current Issues:

- Looking up books individually in Google Books takes too much time
- Rank Algorithm not returned correct results
